Is Your Equipment Fit For The Road?

V

VISUAL EXTERNAL
(Every six months)

I

VISUAL INTERNAL
(Once a year)

P

PRESSURE RE-TEST
(Once every two years)

K

LEAKAGE TEST
(Once a year)

T

THICKNESS TEST
(Once every two years)

All DOT/TC (407 / 412) vessels carrying HAZMAT materials or other hazardous liquids, require recertification to transportation regulations. Cusco is certified to perform this job!

**DON'T GET CAUGHT
OPERATING A
NON-CERTIFIED
VEHICLE!**

If your DOT/TC (407 / 412) registered vacuum truck is due for inspection, bring your unit into Cusco!

Note: Service work and repairs necessary to pass inspection regulations will require additional costs.
